December 17th, with several Associations from Mollet del Valles (city near Barcelona, Spain), we organized an event at Plaza Catalunya in the city, that with The name JUST ONE RACE, THE HUMAN RACE, wanted to commemorate the Universal Declaration of Human Rights from 1948 (December 10th) and the Day of Global Action against racism and for the Migrant's Rights (December 18th).

The event started at 18h with the presentation and a video projection of the Human Rights. It continued with the reading, by people of different cultures, of the Universal Declaration of Human Rights and the performance of singers and Denis Ouaoua Younes and Toto, followed by one minute of silence to remember all those who have lost their lives trying to find a better life.

In short, we wanted to give voice to all human beings who have no voice in the world we live. In doing so, we affirm the equality of all human beings irrespective of their believe, colour, national origin, language, race, sex ... We reaffirm the right of freedom, justice, the right to migrate, the right to settle in the place you choose, the right not to be moved by the force of its own territory, demanding respect for the dignity of people.

As the poet said: *"The violence will continue existing while the colour of the skin is more important than this of the eyes"*

No human being is illegal!
