Dear friends

Our world coordination team has just been launched. We all are very glad for the opportunity to fulfill this function and we are grateful for the trust that was put in us.

We have already started to meet virtually and to distribute the first functions following the needs. In order to get everybody updated, we are going to send a newsletter periodically. This is the first one, including the summary of our first resolutions and about some activities we have been informed.

Hoping to deepen our contact, we send you a big hug.

Chat room Camfrog

We rented for 1 year a **chat room permanently and for exclusive use of Convergence of Cultures**, that will be very useful for virtual meetings among friends from different latitudes. More details are coming soon.

New Web

We have to renew our web page completely in order to be able to update fast and to decentralize contents, that reflect our activities, manifest our opinion about the current events. This new web page would facilitate the contact with institutions and press too.

Furthermore we would like to be present in the social networks. For all that **we need to build a team**, hopefully a big one, to make the work agile and easy for everyone.

We are looking for people that would like joining this team. **Would you like to?**

For the next chat with interested friends, please contact Gaspere T, t_gasp@yahoo.it

Ideological Team

Facing events of general interests we need to create fast press releases with our position. **Gaspere and Lucie will take care of this function with their teams.**

In the same time we need to develop clear position with a solid ideological fundament concerning important issues as the Middle East conflict, migration laws, burka ban in public area and much more.

Therefore **we summon those friends who would like to join this team** fulfilling this task.

Next chat with interested friends, please contact Lucie T, Lu@humanisti.cz / Gaspere T, t_gasp@yahoo.it

Meeting in Kenya

Lucie Tamášová, member of the World Team, is traveling this week to Kenya. Taking this opportunity to **invite all our friends from this country to meet with them** and to interchange about our topics

When and where: Sunday 13th of July, 14:00 h in the house of SHALOM (Ngong road, behind the San Pallotti catholic church and just after passing the Dagoretti corner), Nairobi.

Translations

This is a fundamental function in our organism. We have a translation team for some languages but we would like to extend it. Hopefully our basic documents would be translated to tens of languages.

We invite to join to this team all the friends of any language that would like to collaborate. For the coordination Ana and Mercè are in charge.
